

3rd ERRATA
For the electronic updating of the
English CADD Users Manual

January 8th, 2008

Section 3.8:

- Page 4 Under C “Master Design Files” - #2 – “Utilizing the Master Design File in DGN Format”; added a paragraph on Functional Unit Master Files.
- Page 6 Under D “Master Clip Frame Files”; it was rewritten to include the best practice of using clip frames.

Section 4.2:

- Page 1 Under B a new section was inserted called “Certification for Ready-to-List (RTL)”. There are 3 parts: Overview, Cross Sections and Survey File Checklist.
- Old section 4.3 now labeled Section 4.2.
- Page 2 Old Part B now labeled Part C, old Part C now labeled Part D.

Section 4.3:

- Page 1 Old section 4.4 now labeled Section 4.3.
-

2nd ERRATA
For the electronic updating of the
English CADD Users Manual

November 5th, 2007

Section 2.1:

- Page 6 Under B (in the table); removed the row for Existing Utilities Plan. This plan sheet should only be used for a “Stand-alone Landscape Project” and not when there is a Highway Design portion.

END of 2nd ERRATA (11/5/07)

1st ERRATA
For the electronic updating of the
English CADD Users Manual

October 25th, 2007

Section 2.1:

- Page 2 Under B (in the table); added Project Control as a sheet following Aerial Identification.
- Page 3 Under B (in the table); eliminated Edge Drain Plan and Underdrain Plan and replaced them with Subsurface Drainage Plan, Profiles, Details and Quantities. Also changed the Plan Sheet ID and added additional Print Sequence Codes.
- Under B (in the table); replaced the sheet name of Transportation Management with Motorist Information. Also changed the Plan Sheet ID.
- Page 6 Under B (in the table); added plan sheets which are developed by Structural Engineers to be included in the roadway portion of the project. These sheets are mostly for the Roadside Rest buildings.
- Page 7 Under B (Note 1); add that there is one exception “tt”.

Page 10 After the table; added a footnote about the naming convention of Master Design and Master Topographic files.

Section 2.4:

Page 1 Under B – 1, (in the table); added Seal Information for Levels 9 & 10.

Under B – 1, (in the table); removed Seal Information from Level 63.

Page 2 Under B – 2, (in the table); added Seal Information for Level 10.

Page 3 Under B – 2, (in the table); removed Seal Information from Level 63.

Page 4 Under B – 3, (in the table); added Project Engineer's Seal Information and printed name for engineers for Level 10.

Page 5 Under B – 3, (in the table); added the color Green/2 to Level 11.

Page 8 Under B – 3, (in the table); removed Seal Information from Level 63 and changed contract plans to As-Awarded plans.

Page 9 Under C, Note 3; removed the references to the Seal Information. At the end of the last sentence added "instead of a TIFF or PDF file".

Page 10 Under D – 1, (in the table); added Seal Information for Level 10 and removed Seal Information for Level 63.

Under D – 2, (in the table); added Seal Information for Level 10.

Page 12 Under D – 2, (in the table); removed Seal Information for Level 63.

Page 13 Under D – 3, (in the table); removed Seal Information for Level 63.

Section 2.5:

Page 5 Under C, (in the Table); added Seal Information for Level 10 and removed Seal Information for Level 63.

Section 2.6:

Page 2 Under B, (in the Table); added Counties in the same row as City Names along with a footnote.

Under B, (in the Table); changed the Weight for As-Builts from 1 to 2.

Page 3 Under B, (in the footnotes); added footnote explaining that when counties are shown on the Title sheet, then the text size for city names should be reduced.

Section 2.7:

Page 1 Under A; added a 4th paragraph about how written numbers and notes (callouts) on a drawing govern over graphics.

Page 2 Under B, (examples); added “interior horizontal lines in a quantity table” under Weight 0. Added “interior vertical lines and framing lines in a quantity table” under Weight 1. Added “exterior borders for quantity tables” and profile grade line under Weight 2. Removed “borders of charts/tables” and profile grade line under Weight 3.

Page 5 Under F; added the sentence “Some of the Caltrans Line Styles are also shown in the May 2006 Standard Plans”.

Section 5.2:

Page 1 Under A; added the sentence “Another Bentley product, Interplot Professional, is a total plotting solution installed only on the workstation”.

Section 5.3:

Page 4 Deleted “Direct Meta files”.

Section 5.5:

Page 6 Placed all of Section 5.5 under Part A with a heading of “Creating Iparms”

Page 7 Added Part B with a heading of “Modifying Iparms”.

Section 5.7:

Page 8 Deleted number 6.

Section 5.8:

Page 9 Deleted the heading for Part A and deleted all of Part B.

Appendix A4:

Page 7 Added 3 more Line Styles under Roadway. The positive ID values are #425, #426 & #427. These 3 Line Styles are for graphically displaying double traffic stripe.

Appendix A5:

Page 1 Added the table for Design Planes in U.S. Survey Foot - NAD 1983.
